Training and Development

Broader Impacts Workshop
The National Science Foundation puts increasing emphasis on research efforts' broader impacts when making funding decisions. Learn more about developing strong broader impacts at a workshop sponsored by the Office of the Vice President for Research on Tuesday, April 12 from 1-4 p.m. at the Scheman Building. The workshop will cover successfully incorporating broader impacts into your research proposals, broader impacts resources on campus, and an NSF perspective on broader impacts. Register online and direct questions to Amy Harris-Tehan.

Spring Faculty Conference

Funding Opportunities

Regents Innovation Fund Grants
The Office of Economic Development and Industry Relations is offering Regents Innovation Fund grants to develop Iowa State innovations with commercial potential. Funding can support initial research, proof of concept, or commercialization. Awards will be up to $50,000 for a six-month project, with the opportunity for second-phase funding an additional up to $50,000. Proposals are due Tuesday, May 31. Contact Kris Johansen with questions.

Proposal Resource

NSF Collaborators Template
The Spring Faculty Conference, "Ethical Research in the Age of Open Access," will be held Tuesday, April 26 from 7:30 a.m.-3 p.m. in the MU Great Hall. The event includes invited speakers and panel discussions. Email Sherri Angstrom to register. Questions about the conference may be directed to conference chair Jonathan Sturm.

Looking for a quicker, easier way to list collaborators and other affiliations for NSF proposals? Try this Excel template developed by Diane Meyer, pre-award project manager at the Engineering Research Institute in the College of Engineering.
