CALS Funding Opportunities 9-26-2016

Webcast: DARPA Young Faculty Award Proposers Day, Oct. 3

The Defense Advanced Research Projects Agency Defense Sciences Office is sponsoring a Proposers Day webcast on Oct. 3 from 2 to 5 p.m. The webcast will provide information on the objectives of an anticipated research announcement for the young faculty award program. Registration will close on Sept. 28 or when capacity is reached. More

ISU Workshop: Finding Funding with Pivot, Oct. 13

The Office of the Vice President for Research has scheduled a series of fall research development events. “Finding Funding with Pivot,” will be held Oct. 13 in 301 Spedding Hall. Pivot Representative Kristen Culp will lead the workshop. A session for researchers will be held from 9 to 11 a.m. A session for grant coordinators and administrative staff will be held from 1:30 to 3:30 p.m. More

ISU Symposium: The Microbiome in Health and Disease, Oct. 20 in Alumni Hall

The Office of the Vice President for Research will host the symposium “Genie in a Bottle: The Microbiome in Health and Disease” on Oct. 20 from 8:30 a.m. to 6 p.m. Prominent experts in the microbiome and antimicrobial resistance, spanning human, animal and plant sciences, will discuss the current state of the field. Registration for the symposium is available online. Individuals wishing to present a poster should submit a title and an abstract by Oct. 10. More

NSF Division of Materials Research Program Submission Window Changes

The proposal submission window for the topical materials research programs in the Division of Materials Research has changed. The submission window for biomaterials, polymers and four other programs is now Oct. 1-31 annually. More

Funding Information, Opportunities and Deadline Reminders

Dates listed are application deadlines. Contact: Roxanne Clemens, rclemens@iastate.edu

Additional information is posted at CALS Pre-Award Resources.

Continuous: Richard P. Kimmel and Laurine Kimmel Charitable Foundation; $25,000, agriculture with horticulture focus, contact the ISU Foundation cfr@foundation.iastate.edu to express interest. More

Oct. 12: NIH NIAID Career Transition Award (K22). More

Oct. 28 (letter of intent): NIH Innovative Adaptations to Simplify Existing Technologies for Manipulation and Analysis of Glycans (U01); $200,000 direct cost per year for up to three years. More

Oct. 28 (letter of intent): NIH Novel and Innovative Tools to Facilitate Identification, Tracking, Manipulation and Analysis of Glycans and their Functions (U01); $400,000 direct costs per year for up to three years. More

Oct. 28 (letter of intent): NIH Data Integration and Analysis Tools: Accessible Resources for Integration and Analysis of Carbohydrate and Glycoconjugate Data in the Context of Comparable Gene, Protein and Lipid Data (U01); $1.5 million per year for up to five years. More

Nov. 1 (letter of intent): NIH Big Data to Knowledge Enhancing the Efficiency and Effectiveness of Digital Curation for Biomedical Big Data (U01); $350,000 direct costs for up to four years. More

Nov. 15: NSF Dynamics of Coupled Natural and Human Systems (CNH). More
Dec. 19: NSF NIH ANR BMBF BSF Collaborative Research in Computational Neuroscience; $100,000 to $250,000 direct costs per year for five years. More

Jan. 14 (letter of intent): NIH High Impact Neuroscience Research Resource Grants (R24); $700,000 direct costs for up to four years. More

Jan. 25, May 25: NIH Support of Competitive Research Pilot Project Award (SC2); $100,000 direct costs per year for up to three years. More

April 11 (letter of intent): NIH Centers of Excellence in Genomic Science; $1.75 million direct costs per year for five years. More
