CALS Funding Opportunities April 17, 2017

Request for Applications: USDA AFRI Foundational Program

The USDA Agriculture and Food Research Initiative Foundational Program FY 2017 Request for Applications is open for submissions. Letter of Intent deadlines, proposal deadlines and maximum awards vary by program priority area. More

Request for Applications: USDA Crop Protection and Pest Management

The USDA FY 2017 Crop Protection and Pest Management Competitive Grants program supports research to develop new IPM approaches and extension to disseminate IPM knowledge and improve adoption of IPM practices. Applications are limited to one per institution for the Extension Implementation Program Area. Contact the Office of the VPR (fundingopps@iastate.edu) by April 18 to express interest in an EIP submission. There is no limit on the number of submissions to the Applied Research and Development Program Area. Proposals are due May 9. More

Limited Submission: USDA FSN Mobile Technology for CN Innovation Laboratory

The USDA Food and Nutrition Service anticipates awarding one new cooperative agreement for up to $1.5 million to support the creation of a Mobile Technology for Child Nutrition Research Innovation Laboratory. The lab will support the development, testing and implementation of innovative mobile technology-based solutions to improve services, effectiveness, participation and customer satisfaction in child nutrition programs through subgrants. Submissions are limited to one per institution. Contact the Office of the VPR at fundingopps@iastate.edu by April 21 to express interest in this opportunity. The USDA deadline for Letters of Intent is May 3. More

Webinar: USDA WAMS Grant Program

The USDA Women and Minorities in Science, Technology, Engineering and Mathematics Fields Program supports research and extension activities that will increase the number of women and underrepresented minorities from rural areas who will pursue and complete a postsecondary degree in science, technology, engineering or mathematics disciplines. An informational webinar about the WAMS program will be held on April 26 at 2 p.m. Details about this limited submission opportunity are forthcoming from the Office of the VPR. The USDA deadline for applications is June 8. More
