CALS Funding Opportunities 1-18-16

NIH Parallel Funding Initiative for Collaboration with Brazil

NIH has issued a notice of Parallel Funding for Collaborative Research between Investigators in the United States and the State of Sao Paulo, Brazil. The NIH and Sao Paulo Research Foundation intend to jointly support successful R01 applications that fall within research areas of mutual interest. Applications can be made through the Research Project Grant (Parent R01). Proposal deadlines are Feb. 5 and June 5. More

Bailey Research Career Development Award Program

Established as an estate gift from Carl A. and Grace A. Bailey, the Bailey Research Career Development Award is intended to foster research that is innovative, increases knowledge and has practical applications. Any full-time tenured associate professor or professor may apply. One award of $50,000 per year for two or three years will be made. Interested individuals should email their application to Joe Colletti (colletti@iatate.edu) by March 7. More

CERES Trust 2015 Graduate Student Research Grant Program

The Ceres Trust, a privately-administered Midwest-based charitable trust, focuses on the support and promotion of organic and sustainable agriculture. Up to 10 one-year grants of up to $10,000 each will be awarded to support organic research by full-time graduate students enrolled at accredited colleges and universities in the North Central region. Applications are due by March 15. More

U.S. Borlaug Fellows in Global Food Security Program

The U.S. Borlaug Fellows in Global Food Security graduate research grant program supports exceptional graduate students who are interested in developing a component of their graduate research in a developing country setting and in collaboration with a mentor from an International Agricultural Research Center or a qualifying National Agricultural Research System unit. U.S. citizenship is required, and applicants must be enrolled in an accredited U.S. graduate program at the time of application. Applications are due Apr. 11. More

Workshop: Managing Your Award
The Office of the VPR will present the workshop, “Managing Your Award,” to help PIs manage their funding. A panel will provide an overview of awards, including types of award requirements and terms, changes that require approval, and federal regulations for grants and cooperative agreements. Panelists will also provide information and answer questions about building a research team, purchasing from external sources, submitting reports and monitoring accounts. Registration is requested. More

Cayuse 424 Training Webinars

The Cayuse 424 product support team has scheduled a series of training webinars in January. The webinars are sent to everyone who registers, which allows access at a later date for individuals who cannot participate at the stated times. More
