CALS Funding Opportunities Oct. 5, 2015

Nominations for AAAS Early Career Award Due Oct. 15
The American Association for the Advancement of Science Early Career Award for Public Engagement with Science recognizes early-career scientists and engineers who demonstrate excellence in their contribution to public engagement with science activities. Eligible individuals have been in their current field for less than seven years and pre-tenure or job equivalent (typically within seven years of receiving a Ph.D.). Post-doctoral fellows are eligible. The award includes a monetary prize of $5,000, a commemorative plaque and complimentary registration and travel expenses to attend the AAAS Annual Meeting. Nominations are due by Oct. 15. More

NIH Webinars: Grant Application Submission and Review, Nov. 5 and 6
NIH is holding two webinars for applicants and grant administrators titled, “What You Need to Know about NIH Application Submission and Review.” The Nov. 5 webinar will focus on university research administrators, and the Nov. 6 webinar will focus on research project grants (R01). Both webinars are scheduled for 1 to 3 p.m. including a 30-minute question-and-answer session. Registration is due Oct. 29. More

DOE RFI to Identify Teaming Partner List
The U.S. Department of Energy has issued a Request for Information to identify interested parties for a teaming partner list for the anticipated Buildings Energy Efficiency Frontiers and Innovation Technologies funding announcement. This funding opportunity is focused on applied research and development for technologies and systems that contribute to reductions in building energy consumption. Responses are due Dec. 15. More
