

CALS Funding Opportunities Feb.6, 2017

Limited Submission: Transformations to Sustainability, Due Feb. 13

The Office of the VPR is requesting expressions of interest for the Belmont Forum and EU NORFACE ERA-NET (New Opportunities for Research Funding Co-operation in Europe) Transformations to Sustainability (T2S) Programme. The programme is structured around three themes relating to transformations to sustainability: governance and institutional dimensions; economy and finance; and well-being, quality of life, identity and social and cultural values. The U.S. funding organization is the National Science Foundation. Each consortium must be led by a PI from social sciences and must involve at least three national research teams. Contact fundingopps@iastate.edu by Feb. 13 to express interest in applying to this opportunity. [More](#)

Limited Submission: NEA Art Works - Creativity Connects, Due Feb. 13

The Office of the VPR is accepting expressions of interest for the National Endowment for the Arts Art Works-Creativity Connects program. This program supports collaborative, mutually beneficial partnerships between the arts and the following non-arts sectors: agriculture, business and economic development, science, technology, healthcare, community, education, environment, military and transportation. Contact fundingopps@iastate.edu by Feb. 13 to express interest in applying to this opportunity. [More](#)

Webinar: Monarch Butterfly Conservation Fund, Feb. 13

The National Fish and Wildlife Federation is hosting a webinar to discuss a Monarch Butterfly funding opportunity that will be released on Feb. 8. Webinar participants will learn about the two focus areas for projects: to increase the quality, quantity and connectivity of habitat, and to enhance outreach and organizational coordination. The webinar will take place on Feb. 13 at 11 a.m. Registration is required. [More](#)

ISU Workshop: Finding Foundation Funding, Mar. 2

The Office of the VPR will host the workshop, Finding Foundation Funding and What to do Once You've Found a Match on March 2, 3 to 4:30 p.m. in the Ensminger Room, 1204 Kildee Hall. The workshop presenters will discuss how to strategically search for foundation funding using the Foundation Directory Online, next steps to take once an opportunity is identified, and university resources available to assist with completion of a submission. The workshop will benefit faculty and staff who are interested in funding smaller projects or diversifying their funding sources. Registration is requested. [More](#)

Funding Information, Opportunities and Deadline Reminders

Dates listed are application deadlines. Contact: Roxanne Clemens, rclemens@iastate.edu

Additional information is posted at CALS Pre-Award Resources.

Continuous: John Templeton Foundation – Online Funding Inquiries for Core Funding Areas; focus areas include genetics, and science and the big questions, contact ISU Foundation cfr@foundation.isu.edu to express interest. [More](#)

March 1: DOE Joint Genome Institute Facilities Integrating Collaborations for User Science Microbiome Data Science; non-monetary award, access to user facility. [More](#)

March 1: Klingenstein-Simons Fellowship Awards in Neuroscience; \$225,000 for three years, must be within four years of receiving first tenure track appointment. [More](#)

March 5 (letter of intent): NIH Development of Highly Innovative Tools and Technology for Analysis of Single Cells (STTR) (R41/R42); \$150,000 Phase I, \$1 million Phase II. [More](#)

March 10: USDA NIFA Secondary Education, Two-Year Postsecondary Education, and Agriculture in the K-12 Classroom Challenge Grants (SPECAs); up to \$300,000 over 36 months, K-14 grade levels. [More](#)
