Sponsor Ducks Unlimited

Amount **Upper \$5,000 CAD**
One award of up to \$5,000 per year (Canadian funds) is available to provide personal or research support for the successful applicant. The award is renewable for up to two additional years for PhD students, once for... [more »](#)

Applicant Type Graduate Student

Citizenship or Residency North America (continent)

Activity location North America (continent)

Abstract In recognition of Dr. Bruce Batt many accomplishments, particularly his passion for the role of sound science in guiding conservation, DU has established the Dr. Bruce D. J. Batt Fellowship in Waterfowl Conservation. The purpose of this fellowship is to provide financial assistance to deserving graduate students conducting waterfowl or wetland research in North America.

It will be awarded based upon: the qualifications of the applicant; the scientific soundness of the student's research proposal; originality and creativity in study design; expected contributions of the study to wetland or waterfowl ecology; the importance of the proposed research to conservation; and achievability of the work.
« [less](#)

Eligibility The competition is open to graduate students based at any North American university.
